BUTYLFUL, Double-Strength Industrial Detergent/Degreaser

Description

This product is an extremely concentrated, highly economical and remarkably efficient industrial cleaner and degreaser with twice the cleaning power, because of its much higher amount of active ingredients, than conventional cleaners. It is water soluble and dilutes with up to 60 parts water. It will do the toughest cleaning chores under the most adverse conditions in the dirtiest, greasiest, industrial environments.

It is non-flammable and non-combustible, contains no petroleum derivatives and has a pleasant, honey-almond fragrance.

Features
