

DESERT AIR[®] - Tobacco Odor Neutralizer

Description

This is a completely dry, aerosol, air freshener that eliminates tough odors in the air without messy fallout and is safe and effective on odors imbedded in porous fabrics such as drapes, rugs, carpets and furniture without the danger of staining delicate fabrics such as silks and satins.

Because of its unique, dry, billowing spray it deodorizes completely, from floor to ceiling. In textiles, it will chemically neutralize foul odors by penetrating and removing the odors at their source.

Its unique chemical properties are specifically aimed at eliminating lingering, hard to eradicate odors from cigarettes, cigars and pipes that are impregnated in carpets, drapes, furniture, automobiles and any public area where smoking occurs.

Features

- Non-Staining
- Completely Dry
- Long-Lasting Aroma
- No Wet, Messy Fallout
- Special Valve Allows Inverted Spraying

Use And Directions

Suggested Uses: Spray anywhere odor is a problem.

To Deodorize the Air: Spray wherever odors occur. Allow a few seconds for fragrance to bloom.

To Deodorize Textiles: Hold can 12 to 15 inches from surface and direct spray evenly. At this distance, spray will not stain even delicate fabrics.

NOTE: Special valve allows spraying, even when can is held in the upside down position.

Physical Properties

Physical Form:..... Fog from aerosol	Specific Gravity:..... 1.25
Appearance:Clear	Vapor Pressure (at 70°F):.....60 psi
Color:Clear	Vapor Density (Air = 1): >1.0
Fragrance:Talc	Flash Point (P.M..C.C.):None to boiling point
Water Solubility:..... 1.0%	

DE:611 - 9960
