

FABULOUS[®] - Carpet and Fabric Protector

Description

This is a fabulous, new product that gives LASTING PROTECTION against stains on carpets, drapes, wall coverings and upholstered furniture. Unlike other fabric protectants that provide surface protection only, this product uses an exclusive micro-encapsulating system to penetrate each fiber from within, keeping liquids and soiling agents away from the fiber so spills can be easily removed without staining.

Using this product increases the life and durability of any fiber by locking out abrasive dirt for easier cleanability thereby reducing the “sandpaper” effect that reduces the life of fine fabrics.

This product is effective, without changing the appearance or “hand” of fine fabrics, on silks, cottons, wools and all synthetic blends.

Features

- Increases Fabric Life
- Durable And Long Lasting
- Will Not Rub Off, Walk Off Or Wash Out
- Prevents All Normal Stains, Even Pet Stains
- Effective Through Multiple Cleaning Cycles

Use And Directions

Thoroughly clean, if necessary, fabric to be treated. After completely dry, apply a very fine mist directly to fabric with low pressure spray gun, adjusted to finest pattern. Apply in even swaths with rapid sweeping motion. Use just enough to dampen surface. Allow to dry overnight before use. Will withstand multiple cleaning cycles of shampooing or other water soluble cleaning methods. However, must be retreated after cleaning with dry cleaning solvent.

RATE OF COVERAGE: **Wallcoverings:** Approximately 1 gallon per 1,200 sq. ft.

Carpets: Approximately 1 gallon per 1,000 sq. ft. depending on pile and material.

Sofa (Standard Size): 1/2 pint **Upholstered Chair:** 1/4 pint

Physical Properties

Physical Form:	Water thin liquid	Water Solubility:	None
Appearance:	Clear	Specific Gravity:	0.758
Color:	Clear	Evaporation Rate (nBuAce = 1):	< 1.0
Fragrance:	Slight Solvent	Flash point (T.C.C):	125°F (51.7°C)
