

FIELD DAY – Ammoniated Floor Stripper

Description

This product is a concentrated, heavy-duty stripper for all types of acrylic floor finishes. It will remove old, oxidized, multiple layers of floor finishes, quickly and easily.

The low odor formula makes it a pleasure to use. It can be diluted for maximum economy.

Features

- Fast Acting
- Rinses Freely
- Biodegradable
- High Dilution Ratio
- Extremely Economical

Use And Directions

1. Dilute with 10 to 15 parts of warm water (depending on age and amount of build up) and mop on a small area at a time.
2. Because of its rapid action, very little if any waiting time is required.
3. Scrub thoroughly with a floor machine and a black stripping pad.
4. Pick up dirty solution with vacuum or mop.
5. Use a vinegar and water rinse to remove alkali ice and film.
6. Follow with clean mop and cold water for final rinse.

Physical Properties

Physical Form:..... Liquid	Specific Gravity:..... 1.015
Appearance:..... Clear	pH:..... 12-13
Color:..... Blue	Evaporation Rate (Water =1):..... 1
Fragrance:..... Slight Ammonia	Flash Point:..... None
Water Solubility:..... Complete
