

SENTRY-SOLV - Parts Washer Solvent

Description

This Environmentally Preferred Dielectric Solvent is an exceptional solvent degreaser formulated without chlorinated solvents or other hazardous ingredients. The base is a unique high grad oil distillate, which provides its dielectric strength, allowing it to be used safely on all types of electrical apparatus. Its high flash point provides an unprecedented degree of user safety.

Sentry-Solv is strong enough to remove grease, fuel, oil, carbon and organic resins yet safe on most plastic and rubber surfaces. Unlike other solvents, this product can be used without extensive protective equipment. Only common sense chemical precautions are required, (see MSDS).

This is a non-stock item and requires a minimum order of 55 gallons.

Features

- Contains No Water
- Full Evaporative, Leaves No Residue
- No Hazardous Ingredients as Defined by The EPA
- Not a Flammable Liquid, TCC Flash Point Above 145°F
- No Surface Leakage of Current in Immediate Residue Test
- High Dielectric Strength, ASTM D-877 Test to 46,000 Volts

Use And Directions

Use undiluted. Spray or wipe on surface to be cleaned. Oil, dirt and carbon will flow off surface. If additional cleaning is required, wipe with rag or brush. After cleaning, force out remaining solvent with compressed air and dry with compressed air or heat gun set at 200°F.

PHYSICAL PROPERTIES

Physical Form:.....	Water thin liquid	VOC Carb:.....	1.0 Lb./Gal.
Appearance:.....	Clear	SARA Reportable:.....	None
Color:	Clear	Evaporation Rate (nBuAce=1).....	< 1.0
Fragrance.....	Citrus	RCRA:.....	Non Hazardous
Specific Gravity	0.789	Flash Point (T.C.C.).....	147°F (64°C)
