

SUPER CHIEF, Heavy Duty Industrial Degreaser

Description

This product is a heavy duty, industrial, water soluble, degreaser and cleaner. It contains no carbon tet, naphtha, benzene or chlorinated hydrocarbons. Unlike petroleum-based solvents, it is completely water soluble and may be used with safety. Dilution is up to 30 parts water. Storage life is long and evaporation from a covered container is negligible.

It cleans machinery, equipment, fluorescent lighting fixtures, walls, floors, ceilings, venetian blinds, leather or vinyl upholstery, boiler faces and grease pits. It removes inks, grease, road tar, oil and strips adhesive.

It is non-flammable and non-combustible. It contains no petroleum derivatives in free form and cannot be ignited by fire, spark or extreme temperatures.

Features

- Non-Acid
- Non-Corrosive
- No Flash Point
- Biodegradable
- Non-Flammable
- Non-Combustible

Use And Directions

GENERAL INDUSTRIAL USE:

Floors, Walls, Ceilings, Light Fixtures:.....	1 part to	30 parts water
Non-Acid Grout Cleaner:	1 part to	5 parts water
Machinery & Equipment:	1 part to	20 parts water
Hot Tank (160°F):.....	1 part to	20 parts water
Spray Cleaning:.....	1 part to	10 parts water
Aircraft & Diesel Carbon Tracks:	1 part to	10 parts water

AUTOMOTIVE CLEANING:

Protective Coating Removal:	1 part to	8 parts water
Vinyl Tops & Interior:	1 part to	10 parts water
Industrial Fallout:	1 part to	8 parts water

CAUTION: SHOULD NOT COME IN CONTACT WITH PLASTIC GRILLS.

Physical Properties

Physical Form:	Water Thin Liquid	Specific Gravity:.....	1.055
Appearance:.....	Clear	pH:	>13.0
Color:	Purple	Evaporation Rate (Water = 1):.....	1.0
Fragrance:	Mild Solvent	Flash Point (T.C.C.):.....	None
Water Solubility:.....	Complete
